

RAK Ports Training Institute now offers the following training course:

Hazmat Awareness

A 5 hour awareness course for staff who operate in an environment where hazardous materials are being handled, transported or stored.

It is important for staff working in a hazmat environment to be able to recognise the nature of a hazard, any safety precautions necessary and how to respond correctly to a chemical emergency,

The course covers:

- Hazard recognition
- Sources of safety information
- Emergency procedures

RAK Ports certification will be given upon successful completion of the training course valid for 3 years.

To enquire about course fees or to know more about the training and certification process and to see how we can help, please contact RAK Ports Training Institute on the following numbers or e-mail:
